When the world is your classroom, everything is possible!

With the various programmes offered by GEM Discoverer, you can expand your sense of wonder, enhance your cross-cultural intelligence, and boost your global edge. Explore the thriving economic landscape of Asia. Learn the ropes as an intern. Find new meaning to ‘summer vacation’. Express your ideas in a new language. Even meet your newest BFF. And as you continue to learn new things and look forward to your future, you take with you an enriching, wonderful experience that will surely last a lifetime.
Call it a two-week getaway—of learning and discovery. **Prelude** is a visionary programme that provides insights into the rise of Asia, with focus on key emerging markets. Aside from classroom lessons, expect visits to significant cultural sites and be immersed in local culture and history. It's a prelude you don't want to end.
