Dear Prospective Students,

The faculty, staff and students at Nanyang Technological University (NTU) extend to you a sincere and hearty welcome to our Yunnan Garden Campus for our GEM Trailblazer Winter Programme from 4-25 January 2017.

We are pleased to offer the Chinese Language & Cultural Studies course for interested students.

 Ranked among the top 1% of universities worldwide, NTU places you in an academically stimulating environment that is both culturally enriching and socially fulfilling. Our comprehensive and innovative approach towards education and research will help contribute to your future success and inspire you to realise your full potential as an entrepreneurial and technology-savvy leader.

This is also the perfect ‘soft landing’ in the heart of a booming Asia-Pacific region and a springboard to explore the many cultures, languages and societies surrounding Singapore, which include India, China, Vietnam and Thailand.

Our unique winter programmes shall open up fascinating Asian cultural experiences and opportunities for students and at the same time equip you with key entrepreneurial skills for ventures in Asia, where more than 4.3 billion people live. It shall also be the perfect location for your winter venture to Asia.

The application for the winter programmes is open to all students studying in NTU’s partner institutions. We welcome you to join some of our brightest minds and talents from around the world this winter.

Welcome to the start of a wonderful journey of learning and self-discovery!

Yours sincerely,
Pauline Ho

ABOUT SINGAPORE

Singapore – A Garden City

Singapore is made up of a main island with 63 surrounding islets. The main island has a total land area of 682 square km.

However, its compact size belies its economic growth. In just 150 years, Singapore has grown into a thriving centre of commerce and industry. Its former role as an entrepôt has diminished, as the nation has increased its manufacturing base.

Singapore is the busiest port in the world with over 600 shipping lines sending super tankers, container ships and passenger liners to share the busy waters with coastal fishing vessels and wooden lighters.

One of the world's major oil refining and distribution centres, Singapore is a major supplier of electronic components and a leader in shipbuilding and repairing. It has also become one of the most important financial centres of Asia, with more than 130 banks. Business dealings are facilitated by Singapore's superb communications network which links the nation to the rest of the world via satellite, 24-hour telegraph and telephone systems.

Singapore's strategic location, excellent facilities, fascinating cultural contrasts and tourist attractions contribute to its success as a leading destination for both business and pleasure.

For more information on Singapore, please visit the official Singapore Tourism Website: http://www.yoursingapore.com/content/traveller/en/experience.html.
NTU – A Garden Campus

A research-intensive public university, Nanyang Technological University (NTU) has 33,500 undergraduate and postgraduate students in the colleges of Engineering, Business, Science and Humanities, Arts, & Social Sciences. In 2013, NTU enrolled the first batch of students at its new medical school, the Lee Kong Chian School of Medicine, which is jointly set up with Imperial College London.

NTU is also home to four world-class autonomous institutes – the National Institute of Education, S Rajaratnam School of International Studies, Earth Observatory of Singapore, and Singapore Centre on Environmental Life Sciences Engineering – and various leading research centres such as the Nanyang Environment & Water Research Institute (NEWRI) and the Energy Research Institute @ NTU (ERI@N).

A fast-growing university with an international outlook, NTU is putting its global stamp on the Five Peaks of Excellence: Sustainable Earth, Future Healthcare, New Media, New Silk Road and Innovation Asia.

NTU has a satellite campus in Singapore’s Science and Tech Hub, One-North, and is setting up a campus in Novena, Singapore’s medical district.

Chinese Language & Cultural Studies (CF9001)

Overview

- Delivered by NTU’s Confucius Institute, this course is designed to equip students with basic Chinese Language skills as well as expose them to Chinese culture. It consists of 2 parts covering Chinese Language and Chinese Cultural Studies.

- The course will be conducted over 3 weeks from 4-25 January 2017, Mondays to Fridays, 9.30am – 5.00pm, at the NTU campus.

Description

| Part 1: Basic Chinese Language | The course is specially designed for beginners with little or no knowledge on the Chinese Language.

The course content is topic-based to enable students to master basic conversational skills for daily use. Students learn by cultivating basic reading and writing skills to accumulate their basic vocabulary. Through experiential learning approaches, students will be tasked to perform several assigned activities to enhance their learning and understanding of the language.

At the end of the course, students will be able to understand and construct simple phrases, conduct basic conversations as well as write basic strokes, character components, and single-component characters. They can expect to learn up to 260 Chinese characters, 40 grammatical points, and 300 commonly-used sentences. |
| Part 2: Chinese Cultural Studies | The Chinese cultural studies course aims to expose students to the unique aspects of Chinese culture in the Singaporean context. To better appreciate multicultural Singapore, students will also be introduced to the various cultures in the country, which includes the Malay and Indian communities.

In addition to understanding the historical development of the Chinese diaspora in South East Asia, students’ appreciation of the Chinese culture in Singapore will be enhanced through experiential activities such as Chinese Ink Painting, Chinese Paper Cutting, and Traditional Chinese Medicine as well as field trips to selected places of significant Chinese cultural heritage. |

More information @ [http://www.ntu.edu.sg/campuslife/Pages/default.aspx](http://www.ntu.edu.sg/campuslife/Pages/default.aspx)

### Banking Services

There is an Overseas Chinese Banking Corporation (OCBC) Bank on campus. There are also other banks’ ATM machines located around campus. Please go to [http://www.ntu.edu.sg/has/RnS/Pages/Banking.aspx](http://www.ntu.edu.sg/has/RnS/Pages/Banking.aspx) for more the bank location in campus.

For banking needs, students may also visit Jurong Point Shopping Centre ([www.jurongpoint.com.sg](http://www.jurongpoint.com.sg)), which is located near campus.

### Must I open a bank account while studying in Singapore?

Banks in Singapore require a period of at least 6 months of exchange study to be eligible.

### What credit cards/bank cards are acceptable in Singapore

Visa, MasterCard, American Express, Diners Club, Maestro, and PLUS. You may withdraw monies from most bank machines. There are also ATM machines located around the campus.
### Group Hospitalisation & Surgical Insurance (included in the administrative fees)

Falling ill and being hospitalised in Singapore can be a financial drain on international students, who are not entitled to the medical subsidies that Singapore citizens enjoy. Besides the coverage it provides, the GHSI (subject to its terms and conditions) allows you to request a Letter of Guarantee from the underwriter and present it in lieu of the requisite deposit upon admission to government/restructured hospitals in Singapore.

### Medical Information

Medical and counselling services are available on campus to cater to your health and wellness needs.

For acute medical care and emergencies, please visit a hospital. The nearest hospital to NTU is National University Hospital. For more information, please refer to:

### Medical Declaration

It is mandatory for all incoming international students to outline any past and present medical conditions in their online application form.

This information is for the purpose of the student’s well-being, such that relevant support can be rendered to ensure a positive immersion at NTU.
