Students Say

Hey there! Singapore is the place to be this summer! Gain an east-wise perspective with GEM Trailblazer Summer programme offered by Nanyang Technological University, Singapore (NTU Singapore).

You get to immerse in the socio-cultural fabric of Asia through a wide selection of credit-bearing courses and exciting field trips!

What Students Say

It was amazing! One of the best programmes I've ever attended! Chose this programme for the Cultural Intelligence class, so I really like the good chance to combine cultural mix with my degree.

- Madeleine Anna
University of HU

Great experience! Met a lot of people and gain intercultural experience. The mixture of learning and travelling to explore a new country and culture is great!

- Sayangan Ravi
Diploma School of Management and Law

It's nice to be able to have time out of class to explore Singapore!

- Kjetil Johansen
Bi Norwegian Business School

Top 8 Things to do this summer @ NTU, Singapore

1. Be a Local Somewhere
   - Immerse in another culture through experiential learning.
   - Learn to make a popular Singaporean Indian food - Roti Prata and foaming up Teh Tarik.

2. Learn from the Past
   - Marvel at the results of cross-cultural mingling.
   - Visits to the Peranakan Museum and the Asian Civilisations Museum reveal an interesting culture of food, art and lifestyle of the Straits Chinese Communities.

3. Learn a New Language
   - Master conversational Malay and fluently order Satay - a Malay dish of skewered barbecued meat marinated in aromatic spices accompanied by a spicy peanut gravy. Sedap!*  
   *Sedap for delicious.

4. Be an Art Connoisseur
   - Enhance your knowledge of ‘Arts Through Borders’ with the National Gallery Singapore. Appreciate the significance and history of the world’s largest public collection of Singaporean and Southeast Asian artworks.

5. Get Ahead of the Curve
   - Singapore is to set up the world’s first commercial 3D printing production facility sited at a port to make spare parts for port equipment. Equip yourself with the basics of 3D printing and why it is a game changer.

6. Open your Tastebuds
   - Hone your cultural intelligence through food. Explore the amazing hawker culture in Singapore, which is in the midst of a UNESCO Creative City of Design. Table-top Game Design will allow you to combine art with technology.

7. Stretch Your Creativity
   - Unleash your creative minds in Singapore, recently named UNESCO Creative City of Design. Table-top Game Design will allow you to combine art with technology.

8. Explore Tech
   - Host to the world’s largest FinTech festival, Singapore’s FinTech Festival sees the largest gathering of FinTech players, technopreneurs and investors. Learn about artificial intelligence and data science to deliver better solutions.
